

The Fifth Baptist Church Childcare Center has grown from just a few several years ago to a strong total enrollment of over 100 children. Our Childcare Center operates daily for those two and a half to five years old. The before and after school program provides transportation to and from local schools for students pre-kindergarten to eighth grade.

The staff of our Childcare Center are adequately prepared to help develop your child culturally, educationally, physically, socially, and spiritually. The Fifth Baptist Facility has on its grounds a fullsize gymnasium and a courtyard for play and outside activities. Thank you for considering our program, and we do hope your child(ren) will become part of our family.

CURRICULUM

Imagine preschool classrooms in which children are expanding their vocabulary and building math, science, art, music and interpersonal skills. We use interactive games, singing songs, hearing stories and making up their own, engaging in make believe and much more. We use Scholastic Magazines to help enhance concepts and skills that help them talk, imagine and discover!
